

REMARKS

Status of Claims

Claims 1-27 are pending in this application. Claims 1-13 have been canceled; Claims 14-27 have been allowed.

Amendments

The claims have been amended to specifically point out and distinctly claim what Applicants consider their invention to be. More specifically, Claim 26 has been amended to reflect the fact that it is the *emulsion*, not the *method*, that further comprises QS-21 and 3D-MPL. No new matter is being introduced with this amendment and, for this reason, Applicants respectfully request that the Examiner grant a Notice of Allowance for Claims 14-27.

Respectfully submitted,

Reid S. Willis
